- Tradeshow Schedule

The Zarges K470 is our standard, single lid transport container. Available in 27 sizes, in stock in Charlotte, they can be shipped the same day, or within a week if you need custom paint, or foam cushioning.

The K470 offers two types of casters:

The clip-on, removable (for shipping) corner casters. These feature 3.9", rubber tires and integral brakes. Typically supplied with (2) fixed and (2) swivel, these are probably the easiest on the market to install and remove. With a load capacity of 200 lbs, you can easily stack up several cases and wheel the stack together. These will fit any K470 or K420 with an internal size at least 20 x 13".

The second option is a removable trolley. The trolley has 2" wheels and an extendable handle rated for 88 lbs. These will fit any K470 or K420 with an external length of 23.6 to 31.5".
