Supply Chain Solutions

Save weight, money and the environment

Zarges collapsible cases are the cost-effective link for an efficient, economical and “green” supply chain. With unsurpassed weight savings and durability the Zarges case has already established a

reputation for quality and value. Now add the benefit of eliminating long term packaging costs, disposal fees and reduced tonnage during shipping. The Zarges Retour is the perfect solution for companies and industries where reverse logistics are indicated. Shipping and transportation firms may also see this as a true differentiator for a value added service.

Details:

- Collapsible, reusable aluminum alloy packaging.
- Can be folded up by one person quickly and easily.
- Ease of handling thanks to interlocking sections with retention pins to base and sides.
- Profiled protective strips.
- 3 solid panel sections provide high stability.
- 67% space savings in collapsed mode.
- Anti-vibration hinge connects rear panel to lid.
- Automatic engagement locks can be sealed with load tags or padlocks.
- Stacking corners for stability in transit.
- .6” storage space while in collapsed mode can be used for return shipping (i.e. liners, packaging etc...).
